

Automated Budgeting, Forecasting, and Financial Reporting

Prophix for Sage Intacct

Working Together to Deliver Value to the Mid-Market

Many companies still rely on Excel spreadsheets for budgeting, reporting, and forecasting, creating ongoing issues with version control, security, and human error.

With Prophix for Sage Intacct, you can reduce risk and save time by moving away from manual, spreadsheet-based processes.

Prophix's Corporate Performance Management (CPM) software is an easy-to-use and powerful solution designed to support the needs of today's leading businesses.

Seamless integration between Prophix and Sage Intacct will give you a better understanding of your entire organization. You can easily answer "what-if" scenarios to determine departmental impact, optimize your strategic planning, and better allocate your resources.

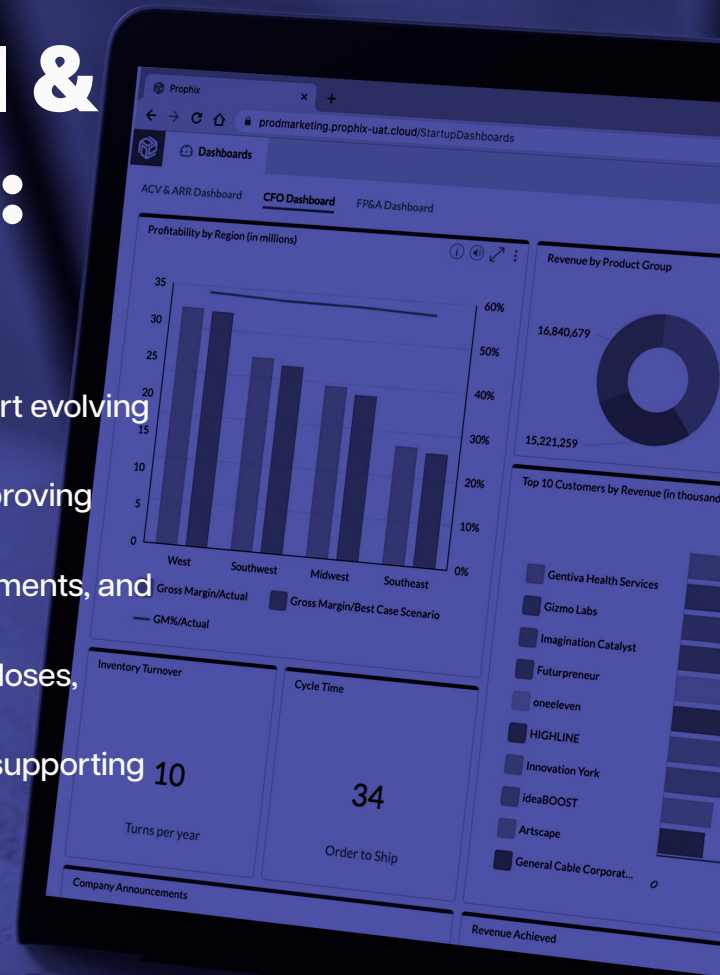

With Prophix's integrated planning platform, you can be confident that every decision is the best decision possible for your business.
